DT Craft & Design 2026 Price List 02

Cover photo: Hand-dyeing self-patterning yarn workshop - designing your colourway

Which dyes are best for me?

All our dyes are versatile, easy to use and fun to work with. However if you are unsure which to use here is our very quick and easy guide to choosing the best dyes for your project.

What fibres can I dye?

- Acid: Animal (protein) yarn & fibres (eg. wool, alpaca) & nylon.
- Procion mx: All natural fibres (eg. wool, cotton, viscose, bamboo etc.)
- Natural: All natural fibres (eg. wool, cotton, viscose, bamboo, shell, wood etc.)

Do I need fixing chemicals (mordants)?

- Acid: yes, mild acid (white vinegar/citric acid) + heat
- Procion mx: yes, mild acid + heat (animal fibres), sodium carbonate (plant fibres)
- Natural: alum + heat for animal fibres, aluminium acetate + heat for plant fibres

What about colour range?

- Acid / Procion mx: blendable to achieve an almost infinite range of shades
- Natural: wonderful tonal shades and can be readily blended and modified

What if I need to produce predictable, repeatable colours?

- Acid / Procion mx dyes are our recommended dyes for repeatable colours

Do the colours last?

- Acid / Procion mx: very good colour fastness
- Natural: variable depending on the extract/dyestuff, however, natural dyes age gracefully producing softer hues rather than fading unattractively

How economical are they?

- Acid: very economical for dyeing animal fibres – 10g will dye as much as 1kg wool to a medium shade
- Procion mx: very economical as only one set of dyes is needed for all natural fibres – 10g will dye as much as 1kg wool or cotton to a medium shade
- Natural: raw dyestuffs vary, 100g will dye between 100g–500g of yarn/fibre to a medium shade. Extracts are highly concentrated and 10g will dye between 200g–1kg to a medium shade.

If you have any questions or would like advice on a project or how to achieve a particular colour or shade please call, email or catch us at a show and we'll be happy to help!

Hue & Dye natural dye extracts

Natural dye extracts are supplied in powder or paste form so avoid the need to grind up and soak bugs and barks. Natural dye extracts are very concentrated. For example 1g cochineal, 2g of logwood purple, 2g fustic or 10g madder natural dye extract will dye around 100g wool. Suitable for use on any natural fibre, natural dye extracts are fully intermixable and can be used for a wide variety of dyeing techniques, including rainbow dyeing, yarn painting, ikat and tie-dye.

Acacia (tan/grey)

20g £2.80 [ND341]

Brazilwood (pink/burgundy)

10g £7.50 [ND332]

Chestnut (soft yellow)

20g £3.10 [ND339]

Cochineal (red/pink)

10g £8.90 [ND331]

Coreopsis (orange/gold)

20g £9.90 [ND312]

Cutch (brown)

20g £3.60 [ND335]

Fustic (ochre/gold/yellow)

10g £7.40 [ND333]

Goldenrod (lemon yellow)

20g £9.90 [ND326]

Grapeseed extract (pinky-beige)

20g £4.90 [ND350]

Indigo (blue)

20g £5.90 [ND334]

Lac (burgundy/red/pink)

20g £7.90 [ND603]

Logwood Purple (purple)

20g £9.50 [ND325]

Logwood (oxydised)

(purple/grey/blue-black)

20g £12.00 [ND343]

Madder (*Rubia tinctoria*) (red/orange)

20g £8.90 [ND347]

Madder orange (*Rubia cordifolia*)

(orange-red)

20g £7.50 [ND606]

Myrobalan (butter yellow)

20g £3.40 [ND322]

Myrtle leaf (*Coriaria*) (yellow)

20g £12.90 [ND610] 

Oak Gall Nut (soft beige)

20g £3.90 [ND345]

Persian Berries (ochre/gold)

10g £5.90 [ND336]

Pomegranate (butter yellow)

20g £4.10 [ND212]

Rhubarb Powder (gold/yellow)

20g £4.90 [ND337]

Jaipur (Sappan) Pink 

20g £7.00 [ND609]

Sandalwood (peach/coral)

20g £7.50 [ND349]

Sorghoum (pink/coral) 

10g £8.90 [ND317]

Sumac (creamy yellow)

20g £3.50 [ND346]

Tagetes (golden yellow)

20g £6.50 [ND604]

Tannin (beige/grey)

20g £5.50 [ND214]

Walnut (brown)

20g £5.90 [ND338]

Weld (bright yellow)

10g £5.90 [ND330]

Woad (blue)

10g £14.50 [ND340] 

Natural dye extract dyeing kits

Our Natural Dyeing Starter and Deluxe kits include a selection of natural dye extracts, mordants (fixers) for both animal and plant fibres, colour modifiers, an accessory pack and full instructions. Our Indigo Natural Dye Kits contains all the dyes and dye assistants that you need to start your dye vat. All you need to add is some basic household equipment and water.

Natural Dyeing Starter Kit **£27.00 [DK007]**

10g of lac, madder, tagetes, logwood & acacia natural dye extracts • 125g alum & 25g of aluminium acetate • 100g ferrous sulphate (colour modifier) • accessory pack • full instructions • *Enough mordant to dye 1kg of yarn, fibre or fabric, the dye extracts will go much further!*

Natural Dyeing Deluxe Kit **£49.00 [DK016]**

20g of lac, madder, tagetes, logwood & acacia natural dye extracts • 250g alum & 50g of aluminium acetate • four colour modifiers: 100g ferrous sulphate, 100g copper sulphate, 125g citric acid and 125g sodium carbonate • indicator papers • accessory pack • full instructions • *Enough mordant to dye 2kg of yarn, fibre or fabric, the dye extracts will go much further!*

Indigo Natural Dye Kit **£15.00 [DK014]**

20g indigo extract • 100g oxygen reducing agent • 125g sodium carbonate • accessory pack • full instructions • *Enough mordant to dye 1kg of yarn, fibre or fabric, the dye extracts will go much further!*

Indigo Fermentation Vat Natural Dye Kit **£13.00 [DK015]**

20g of indigo extract • 100g of calcium hydroxide • 100g of fructose • accessory pack • full instructions • *Enough mordant to dye 1kg of yarn, fibre or fabric, the dye extracts will go much further!*

Rainbows From Nature dyeing kit **£49.00 [DK022]**

10g cochineal, 10g weld, 20g madder & 20g logwood natural dye extracts • 50ml Saxon Blue liquid natural dye extract • 250g alum mordant for animal (protein) fibres • three colour modifiers: 100g ferrous (Iron) sulphate, 125g citric acid, 125g sodium carbonate • accessory pack • full instructions
Dye a rainbow of colour with natural dye extracts!

Woad Natural Dye Kit **£21.00 [DK032]**

10g woad extract • 100g oxygen reducing agent • 125g sodium carbonate • accessory pack • full instructions • *Enough mordant to dye 1kg of yarn, fibre or fabric, the dye extracts will go much further!*

Natural dye extracts

• Botanical Colors liquid natural dye extracts

Botanical Colors Aquarelle is an amazing range of liquid natural dye extracts including Saxon Blue - a liquid indigo natural dye extract that does not require a vat & produces a striking blue shade on protein fibres (on cellulose it gives a paler blue).

Saxon blue (indigo blue)

42ml (50g) £12.90 [DY501]

208ml (250g) £58.00 [DY505]

Natural dyestuffs and dyeing kits

Raw dyestuffs vary in concentration, may take longer to process and can be messier but many people enjoy the authentic feel of raw materials. Although quantities can vary quite considerably between dyestuffs, for a medium shade we suggest using 20g cochineal, 50g logwood or fustic chips or 100g madder to dye 100g fibre. Save the leftover dyestuff as often there will be enough colour in the dyebath for a paler second batch!

Cochineal Bugs (red/pink)

25g £8.50 [DS004]

Chopped Madder Root

(red/orange/brown)

100g £7.50 [DS001]

Ground Madder (red/orange/brown)

100g £7.50 [DS006]

Logwood Chips (purple)

100g £6.90 [DS002]

Marigold Flower (soft yellow)

50g £3.50 [DS008]

Walnut Hulls (brown)

100g £7.50 [DS005]

Chopped Goldenrod (yellow)

100g £7.50 [DS007]

Chamomile Flowers (yellow/olive)

50g £3.50 [DS009]

Back To Nature Raw Natural Dyestuffs Kit **£34.00 [DK020]**

Take your first steps into natural dyeing with raw dyestuffs with this great starter kit. Enough to dye over a kilo of yarn, fibre or fabric!

100g madder roots, logwood chips, chopped goldenrod & 25g cochineal bugs • 125g alum & 25g of aluminium acetate • 100g ferrous sulphate (colour modifier) • accessory pack • full instructions

Just Add Leaves! Eco-printing, bundling and rust dyeing kit **£30.00 [DK021]**

The perfect way to get started on your eco-printing adventures!

Beautiful hawatani silk scarf • one natural dyestuff of your choice • 125g alum • 100g ferrous sulphate (colour modifier) • 125g citric acid (for rusting found items for printing) • cotton cord (for tying for resist and for embellishing) • elastic bands • steel tube (for optimum printing results when pole wrapping) • accessory pack • full instructions

Mordants & colour modifiers for natural dyes

Alum

Mordant for animal (protein) fibres

125g £3.50 [FX005]

250g £5.90 [FX006]

Aluminium acetate

Mordant for plant (cellulose) fibres

50g £5.50 [FX008]

100g £10.00 [FX008C]

Aluminium lactate

Mordant for plant (cellulose) fibres as an alternative to aluminium acetate

50g £7.50 [FX026L]

100g £11.50 [FX026C]

Aluminium triformate

Cold water mordant for natural dyes

50g £7.50 [FX029L]

100g £11.50 [FX029C]

Calcium carbonate

Mild alkali for colour modifying natural dyes. Combined with wheatbran to remove gum when printing

100g £3.50 [FX028]

Citric acid

For acidifying dyebaths to change dye colours

125g £2.90 [FX003]

250g £4.50 [FX004]

Copper sulphate

Alters colour giving greener shades

100g £3.20 [FX012]

Ferrous sulphate

Mutes colours and increases lightfastness. Also used for eco printing

100g £1.60 [FX013]

Ferrous lactate

GOTS complaint colour modifier for natural dyes. Darkens (“saddens”) colours and increases lightfastness. Also used for eco printing

100g £4.00 [FX027]

Potassium hydrogen tartrate

Modifies colours, softens wools

100g £3.00 [FX010]

Sodium carbonate (soda ash)

For scouring fibres and as a colour modifier by making dyebaths more alkaline

125g £1.60 [FX001]

250g £3.00 [FX002]

Thiourea Dioxide

For use as an oxygen reducer in indigo and woad dyeing

100g £6.90 [FX011-1]

Titanium Oxalate

Mordant enhancer for natural fibres, colour modifier, used in eco-printing for bright oranges with yellow dyes and some leaves

50g £3.70 [FX025]

Calcium hydroxide

(hydrated / slaked lime)

Strong alkali for natural dyeing with indigo using Michael Garcia’s fruit vat and other fermentation vats

100g £3.00 [FX023]

Fructose

Powdered natural fructose for natural dyeing with indigo using Michael Garcia’s fruit vat method

100g £3.00 [FX024]

Fixers for Procion dyes

125g will fix 500g of yarn or fibre, 250g will fix 1kg of yarn or fibre

Sodium carbonate (soda ash)

For fixing plant (cellulose) fibres)

125g £1.60 [FX001]

250g £3.00 [FX002]

Citric acid

For fixing animal (protein) fibres

125g £2.90 [FX003]

250g £4.50 [FX004]

Dyeing assistants

Gum tragacanth

A natural plant thickener for dyes for yarn and fabric painting

25g £5.10 [FX014]

Urea

A humectant to keep fibres damp when dye painting

250g £3.00 [FX016]

Manutex

A thickener for dyes for yarn and fabric painting

50g £3.60 [FX017]

Synthrapol (Metapex)

For degreasing fleece or removing excess dye after fixing

250 ml £4.50 [FX019]

Dyeing equipment

Syringe:

• 60ml **£1.70 [EQ002]**

• 10ml **£1.20 [EQ016]**

• 1ml **£1.00 [EQ033]**

Pocket Colour Wheel

£3.90 [EQ021]

Wooden print blocks

• small **£2.50 [STA002]**

• large **£4.50 [STA003]**

Speckle dyeing kit

£15.00 [EQ035]

Small squeeze bottles

£1.20 [EQ029]

Mini funnel

£1.00 [EQ030]

Mini spritz bottle

£2.00 [EQ031]

30ml measuring pot

£0.50 [EQ034]

Speckle pot (flip lid, fine holes)

£1.50 [EQ036]

Hue & Dye acid dyes, dye kits & fixers

Our acid dyes can be used on any animal (protein) fibre, e.g.: wool, silk, angora, cashmere, alpaca. Don't worry, they aren't made of acid! It's just that a mild acid such as white vinegar or citric acid (and heat) is used to make the dyes permanent. The green is a teal/jade green but all the colours are fully intermixable so add a dash of yellow for a bright green.

Books

Colours From Nature - A Dyer's Handbook

by Jenny Dean • **£16.00 [BK003]**

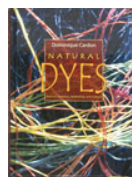

We are excited and delighted to announce that we have teamed up with Jenny Dean to republish one of her most popular titles which has been out of print for some time

Heritage of Colour

by Jenny Dean • **£18.00 [BK045]**

Jenny's excellent title is now back in print. The perfect complement to Wild Colour and Colours from Nature.

Natural Dyes by Dominique Cardon

• **£95.00 [BK020]**

Natural Dyes is the latest title from renowned natural dyeing expert Dominique Cardon and is an amazingly comprehensive reference manual that will be a treasured addition to any natural dyer's library.

The Modern Natural Dyer by Kristine Vejar

• **£18.99 [BK035]**

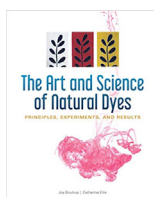

Kristine Vejar shares the most user-friendly techniques for dyeing at home with foraged and garden-raised dyestuffs as well as with natural dye extracts. Straightforward, easy-to-follow instructions stunning photography and 20 projects for home and wardrobe.

Natural Dyes by Linda Rudkin

• **£15.99 [BK006]**

A complete how-to-do-it guide to obtaining a wide range of colours from natural dyes.

The Art and Science of Natural Dyes

by Joy Boutrup & Catharine Ellis

• **£45.00 [BK044]**

With photos of more than 450 samples and detailed information on every aspect of natural dyeing including theory, fibers, mordants, dyes, printing, organic indigo vats, finishing, and the evaluation of dye fastness. Special techniques of printing and discharging indigo are featured as well.

Wild Colour by Jenny Dean

• **£18.99 [BK021]**

A celebration of the wealth of natural dyes that can be obtained from over 60 species of plants from common marigolds to rhubarb. Beautiful photography and easy-to-follow text, which combine to provide the complete guide to natural dyeing.

Books

Printing with Natural Dyes by Nicola Cliffe

• **£12.99 [BK052]**

This practical guide explains the techniques and provides ideas and inspiration to get you printing with natural dyes at home.

Leaf and Colour: Eco-printing and natural dyeing with soy milk binder by Louise Upshall

• **£23.99 [BK053]**

This book is a practical guide to eco-printing and natural dyeing on cotton and other plant based fibres.

Woad: A Year of Colour by Jane Howroyd

NEW!

• **£35.00 [BK054]**

This book is the result of a year long project working with members of the community based at Bagshaw Museum, West Yorkshire and takes readers on a journey to investigate and experiment with woad.

A Garden To Dye For by Chris McLoughlin

• **£12.50 [BK034]**

A Garden to Dye For shows how super-simple it is to plant and grow a dyer's garden and create beautiful dyes.

Shibori Designs & Techniques by Mandy Southan

• **£9.99 [BK030]**

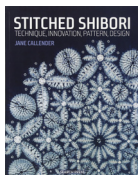

Takes the beautiful art of Shibori beyond the traditional blue and white to create fabrics in a fabulous array of colours, patterns and textures.

Indigo: Cultivate, dye, create by Douglas Luhanko & Kerstin Neumüller

• **£15.99 [BK051]**

Discover indigo; one of the most mystical yet widely used dyes in the world. Featuring inspirational images and presented with a luxurious exposed and patterned spine, this book shows you how to grow, extract and dye with indigo.

Stitched Shibori by Jane Callender

• **£19.99 [BK038]**

This beautiful, practical book contains all the information a beginner will need to get started but is also packed with innovative techniques and inspiring designs that will appeal to the experienced textile artist as well as an inspirational gallery of Jane's work.

Books

Dyeing to Spin & Knit by Felicia Lo

• **£19.99 [BK036]**

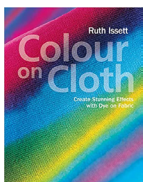

“Unapologetic” is how Felicia Lo always describes her obsession with colour and craft. In Dyeing to Spin and Knit she provides clear and accessible guidance for creating gorgeous hand-dyed yarns and spinning fibres and an understanding of how dyeing affects knitted yarn and handspun yarn.

Hand Dyeing Yarn & Fleece by Gail Callahan

• **£15.99 [BK041]**

Learn a variety of simple techniques that turn plain or outdated yarns into colorful fibers, customized by colours and quantity for the project at hand. There are also eight projects for knitters eager to use their new yarns.

Colour on Cloth by Ruth Issett

• **£14.99 [BK049]**

The book is aimed at all those involved in textiles – embroiderers, patchworkers and textile decorators, as well as students and teachers of design. This simple colour ‘recipe’ book gives guidance and reassurance on the technical aspects of colour and dyeing.

Fabric & Yarn Dyer's Handbook by Tracy Kendall

• **£14.99 [BK032]**

Features over 100 beautifully illustrated recipes to dye and pattern fabric that can all be made at home. This book is a must for any crafter working with fabric or yarn.

Fabric Surface Design by Cheryl Rezendes

• **£21.99 [BK028]**

Create an array of surface designs using textile paints and printing ink. More than 80 fabric-printing techniques

Tie & Dye by Lizzie King

• **£12.99 [BK037]**

Hand-dye 15 fashion-forward projects, from statement T-shirts, dip-dye shoe-laces and cosmic babygros, to sophisticated shibori tea towels, tropical bunting and retro woven plant hangers.

Tie, Dip, Dye by Pepa Martin

• **£14.99 [BK039]**

This book reveals more than 25 creative effects that can be achieved with ease. From dip dyeing to pole wrapping, space dyeing to bleaching, trendy ombre shading to classic circles, this book contains all the essential skills you need to create contemporary patterned textiles.

Workshops & courses by Debbie Tomkies

• City & Guilds accredited courses

In addition to our in-person workshops, we are also proud to be an accredited centre for City & Guilds through our Community Interest Company, Making Futures CIC.

Our Introductory and Foundation Programmes in design and handknitting are studied online, accompanied by tutorials and social get-togethers over zoom. City & Guilds programmes are a great foundation for beginners upwards who are keen to develop their knitting skills and design their own knitwear with the opportunity to achieve a prestigious City & Guild qualification.

Our Introductory Creative Studies – Knitting programme is a 30-hour, supported self-study programme you can complete over the course of 12 months in your own time. Learn at your own pace in the comfort of your own home.

The Foundation Creative Studies – Knitting programme is a more in-depth 120 hour structured programme that runs over the course of 12 months with regular one-to-one virtual tutorials and group sessions.

For more details or to enrol please go to www.makingfutures.org

• About Making Futures

Debbie has been quietly running Making Futures for several years, teaching and producing training materials, mentoring and working with community groups. As a not-for-profit Community Interest Company (CIC), Making Futures' profits are re-invested in the community to provide low or no-cost creative activities for those who might not otherwise be able to participate.

City & Guilds

Workshops & courses by Debbie Tomkies

Debbie Tomkies has over 25 years dyeing experience as a dyer, writer and tutor. Debbie's fun friendly workshops offer a range of exciting subjects for people of all levels.

Debbie teaches at our own workshops in and around Sale, Cheshire and at a number of lovely yarn shops and craft venues around the country - please see our website or contact us for more details.

Debbie also runs workshops for shops, Guilds, groups and colleges. If your group or organisation would like to book a workshop (we bring all the dyes and equipment, participants bring anything they would like to dye!) please get in touch.

Workshop bookings can normally be for short sessions (half or one day), a series of sessions over several weeks, or longer courses for more in-depth tuition. With all workshops and courses there is the option to book our travelling shop at no extra charge and gain 10% off all catalogue prices for participants!

Terms and conditions

Delivery: Please allow 10 working days for your goods to arrive. Please provide contact details so we can advise you if an item is out of stock. If your order is urgent please contact us. Subject to stock availability, next day delivery is usually available subject to an extra charge.

Returns: In accordance with the Distance Selling Regulations you can cancel in writing by post or email within 14 days of receiving your order. Please note that you are responsible for the costs of postage and packing to return the goods. Goods must be returned unused and in their original packaging. We recommend you obtain proof of posting, particularly for high value items. We will deduct reasonable costs where goods are not returned in a saleable condition. We aim to supply only the highest quality goods however should an item arrive damaged or faulty please return to us for a replacement or refund. This does not affect your statutory rights.

Product descriptions: We reproduce colours and illustrations as accurately as we can. However, dyes and yarns vary slightly from batch to batch so we strongly recommend you order enough to complete your project. Occasionally we do need to substitute items with a product of an equivalent type and quality. Please advise if you do not want a substituted product.

Data protection: We do not sell or share your details with other companies. We may contact you from time to time with details of our own special offers, new products etc. that we think may be of interest to you but do please let us know if you do not wish to be contacted by us.
